- The NZ Ministry of Health funds these Very Low-Cost Access fees for GP consultations to treat medical conditions for eligible patients.
- This funding does not cover paperwork time, insurance paperwork, medicals, licensing and some other services or use of consumables.
- Extra charges apply to booked (non-urgent) weekend and after-hours consultations.
- Please see the schedule of fees for non-funded services, or ask at reception.
- Our terms are payment on the day of service. Any unpaid accounts at the end of each month will incur a \$10 administration fee

•

Waihi Family Doctors

Fee increases

- We have been able to offer free consultations for 14 to 17-year-old registered patients for the entire 10 years that we have been in operation.
- Unfortunately, due to the reduction of Ministry of Health funding we are no longer able to provide this service at no charge.
- From 1 July 2024 the consultation charge for 14 to 17-year-old registered patients will be \$13.00.
- The consultation fee for patients aged between 18 and 65 with no Community Services Card will be \$29:50.
-
- Please note we have recently begun to add charges for services that we once did not. i.e. Referrals to specialists and hospitals that cannot be completed within the consultation.
- Charges for referrals and similar paperwork are time based, and start at \$25.
