FEES ARE CHANGING FROM 1 JULY

SEE OUR NOTICEBOARD FOR FULL LIST

Key changes -

- * Script fees have increased to reflect the time and complexity involved. Requests received by 12pm will be processed the next business day. An urgent script may still be requested after 12pm, but will be rolled into the following day's urgent script list
- * A reminder that charges apply for referrals and paperwork completed outside of consult time, usually \$25
- * Specified 'Unfunded Services' Fees. Primary care is funded to provide eligible healthcare services to patients. Unfunded service fees apply to all ages, including children and community services card holders
- * Drivers Medicals are now a flat fee, with a 'no charge' Mini-ace if required by your doctor
- * Zero fees for Jadelle, Mirena/IUCD and Aclasta with eligible PHO funding. Ferrinject infusions are free for all patients (dependent on continued funding)
- * Nursing services provided in addition to a GP consult or outside of a nurse appointment will be charged a small fee eg Urinalysis, Glucose and Blood Pressure
- * Our admin fee for overdue accounts at month end has always been \$10, but never enforced. From 1 August onwards, \$10 will be charged monthly on all

outstanding balances that do not have an active payment plan
